- \_\_\_ Binoculars
- \_\_\_ Hammocks, books, and other things for nature/down-time

**THINGS YOU SHOULDN'T BRING:**

The purpose of band camp is to build relationships with other members. Toward this end, we highly recommend that you leave distracting electronic items at home (for example: music players, cell phones, portable game consoles, hair dryers, and curling irons). If such items become a distraction to you or others, we reserve the right to confiscate the items and return them to you after camp.

**Cell phones are not allowed anywhere outside of dorms.**

## DOT-BOOK GUIDE – For visual units only (winds, battery, guard)

To create your dot-book, you will need the following materials:

- A small, spiral-bound notebook (no bigger than 4-in. x 6-in.)
- Tape (glue has a tough time in the heat)
- Safety scissors (be smart)
- One of the following to carry your dot-book:
  - A fanny pack (**this works best**)
  - Paracord (3-ft.)
  - Other cord or durable string (3-ft.)

We will use dot-books in rehearsal to check our field placement, music, and to learn new drill. Each page of your dot-book will contain a wealth of important information to make us the best band we can be.

**We will create the opener dot-book together at camp, and afterwards you will be responsible for creating it on your own.**
